## WHAT WE'RE AFTER

Here at Avalon One, we want everyone to enjoy the outdoors, our aim is to share stories with others, not just ours but yours also. You don't have to be a mountain climber or a budding international explorer. You have to be just you.

If you have a story about the outdoors, a hike, a rock climb, a day on the lake you have done or a wild camp or any other outdoor related activity? But please keep it to an outdoor adventure theme. Send us your story and a few pictures and we will review with the intention to publish.

## TIPS:

- Keep it simple, keep the story about the story not the surrounding bits
- Share the day, the route, the weather, what you seen, the views etc.
- If it is your special place and you don't want other people to go there then feel free to keep the exact location a secret.
- If you can, add a tag or a note to the pictures e.g., 'the view looking South down the valley' (if you can't then let us know and we'll do it for you)
- **Funny!** After the last couple of years, we have all been through, try and keep it a bit light hearted. Of course, you can send us your disaster stories such as your tent being
- blown away or getting soaked on the hills..... other people may find that funny 😊
- Try and keep file sizes below 20mb for emails, anything else contact us and we'll send out a link to upload your files
- The story should be a few paragraphs, with a number of photos. Please no 'War and Peace' novels, only so much space 😊
- Enjoy your day out, your day out is for you not us, the story is what you get from your day, take care when taking any photos or videos and be aware of your surroundings

# SHARE YOUR STORY
